

Brunching Out

Jeri's Midtown Cafe is a cozy oasis tucked behind the independent bookstore, Midtown Reader, and the sushi spot, Izzy Pub & Sushi, easily missed if you're driving along Thomasville Road.

– **Rebirth:** Owner **Jeri Bradley Madden** took over this location, formerly Paisley Cafe, in August, keeping many of the popular dishes but adding her own spin to the menu and décor.

– **The Courtyard:** Dining amid the greenery, under the shade of colorful umbrellas, is a treat.

– **The Menu:** A favorite is the Kenny Benny, with three poached eggs, smoked Smithfield bacon and Roma tomatoes, topped with a housemade hollandaise sauce. Other picks: the frittata sampler, French toast, shrimp and Gouda grits, sandwiches and salads.

– **Beverages:** Savor their sweet iced coffee, Very Berry Lemonade or Island Splash Lemonade. More grown-up options include beer and wine, Sangria and cocktails made with Tozai Typhoon mild sake.
